

VULNERABLE ADULT SERVICES

WORKING TO REDUCE
INEQUALITIES IN NORWICH

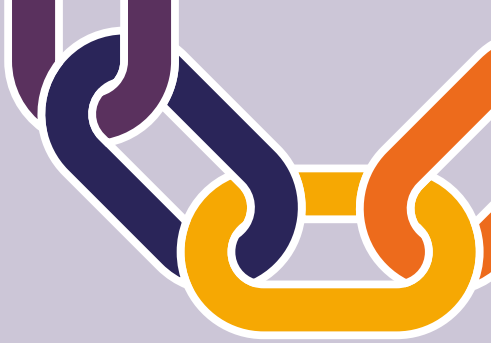

DO YOU NEED SOME EXTRA SUPPORT?

- Are you seeking asylum?
- Are you a refugee?
- Are you a migrant who has no recourse to public funds?

INFORMATION LEAFLET

Norwich GP Practices and the People from Abroad Team are working together to help and support you

What can you expect from the vulnerable adult services?

The vulnerable adult service is led by you and the health and wellbeing goals you choose to focus on.

The service will help and support you by:

- Providing co-ordinated support to improve your health and wellbeing with a personalised plan
- Helping you to access routine use of services, such as a GP, just like everyone else.
- Providing safe, effective and personal support in the most appropriate setting.
- Helping you to be as independent as possible and able to do things without long-term support.
- Putting you in touch with the right people to help with housing issues.
- If you get permission to stay in the UK, we'll help you to move forward.
- Helping you understand, access and use services in your community.
