

NHS Norfolk and Waveney CCG received a query relating to the West Norfolk Small Interpreting Contract and what that covered.

The query and answer provided in a written response can be found below:

The West Norfolk interpreting service is a historical local commissioned service improving access for asylum seekers, refugees and migrant workers in the local area by funding partial costs of employing bi-lingual reception staff at one of the practice's in West Norfolk. The arrangement has been extended until March 2022 and will be reviewed later this year in light of the new planned contracting arrangements being commissioned by NHSEI region on behalf of the CCGs.
